2. This Statement, which is the responsibility of the Company's Management and approved by the Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India. I am pleased to say that Castrol India has recorded a strong performance in the third quarter of 2020, while being focused on three priorities during this continuing pandemic – protecting our people, supporting communities and protecting the financial health of our business.

Partial revival of pent up demand, a robust supply chain and distribution network, investment in our brands along with judicious working capital management contributed to us delivering a good set of numbers, including growth across all spaces.

Our team has displayed exceptional commitment to ensure uninterrupted production at our three manufacturing plants, aligned with government safety and health advisories, to meet customer demand as well as new customer wins, acquisitions and virtual customer engagements have been made possible by teams working from home during the lockdown.

Robust working capital management which saw us generate INR 624 Crs net cash from operations in 9M 2020 which is more than 150% of PAT, along with judicious cost and efficiency management programmes have helped us maintain a current strong liquidity and financial position to be able to meet any near-term challenges.

Two new variants were launched in the cars and two-wheeler category with Castrol GTX SUV and Castrol Activ CRUISE respectively in the thinner oils segment.

Several external recognitions came our way during this quarter.
